SECTION VII • PREC	CAUTIONARY INFORMATION
PERSONAL PROTECTI	ON MEASURES
Eye, face & hands	Safety spectacles/Full Face Shield. Wear suitable impervious (Neoprene) gloves. Gloves should be changed regularly and if excessive exposure has occurred.
Respiratory protection	Wear suitable respiratory protective equipment if exposure to levels above the occupational exposure limit is likely. A suitable mask with filter may be appropriate. In the event of formation of particularly high levels of vapor a self-contained breathing apparatus may be appropriate.
Ventilation	Provide adequate ventilation, including appropriate local extraction, to insure that the defined occupational exposure limit is not exceeded. Consideration should be given to the work procedures involved and the potential extent of exposure as they may determine whether a higher level of protection is required.
Hearing	As needed in accordance with OSHA 1910-215
HMIS Coding	Health: 2 Flammability: 3 Reactivity: 2

SECTION VIII	SAFETY PRECAUTIONS IN CASE OF LEAKS OR SPILLS
Spill or leak procedure	Eliminate sources of ignition. Ensure suitable personal protection (including respiratory protection) during removal of spillages. Prevent entry into drains. Adsorb spillages with liquid-binding material (diatomite, universal binders, for small amounts of tissues). Do not adsorb onto sawdust or other combustible materials. Transfer to a container for
	disposal or recovery. Spillages or uncontrolled discharges into watercourses must be alerted to the appropriate regulatory body.
Waste disposal	Disposal should be in accordance with local, state, or national legislation. Incinerate under approved controlled conditions Decontaminate empty drums before recycling.

SECTION IX	STORAGE AND HANDLING		
Storage	Keep in a cool, well ventilated place. Keep away from sources of ignition-		
	No Smoking. Keep away from heat and direct sunlight.		
Handling	Avoid contact with skin and eyes. Avoid inhalation of high concentration of		
	vapors. Use in well ventilated area. The vapor is heavier than air; beware		
	of pits and confined spaces. Take precautionary measures against static		
	discharges.
